

The Australian Country Hospital Heritage Association Inc. collects, preserves, maintains and displays objects, equipment, memorabilia, oral histories and photographs pertaining to the history of health care in country hospitals since 1858. The collection, which has been under development for over 50 years, is on display in the Country Hospital Museum at the Rockhampton Heritage Village. The building is the former Mt Morgan Hospital Nurses' Quarters which has been relocated to the Heritage Village, fully refurbished, and set up with the facilities typically found within a small country hospital. We invite you to join our Association and/or to make a donation to assist us to further enhance our Museum and the displays within it. Membership is open to all persons with an interest in health service history.

Members receive two newsletters each year including stories from and about the collection, photographs, and updates on our progress with the collection. We also welcome assistance at the Museum from members who are able to donate some time to help us to care for and document our valuable collection for future generations to enjoy. To learn more about us, visit our website at www.achha.org.au. Additional membership application forms may be downloaded from the Contact us page.
